

SUPREME

AIRFORCE

Fast Dry Time
Energy Efficient
Robust

Hygienic Antimicrobial Technology

The Steri-Touch antimicrobial coating on the exterior surface reduces the growth of bacteria and fungi for added resistance against germs and illness.

Robust, Vandal Resistant

Tough die cast aluminium (or brushed stainless steel) with smooth rounded exterior resists vandalism.

Multi-Jet Air Delivery

11 small uniquely designed multi-nozzled air vents drive tempered air at 330km/hr, delivering a fast and even 12 second dry time.

Greenspec Listed

Identifies and endorses green building products.

SPL

SUPREME

AIRFORCE

SPL's Greenspec listed Supreme Airforce hand dryer offers impressive performance and robust build quality.

A powerful and energy efficient motor dries hands quickly making it the right choice for high-traffic washrooms.
