

Soldering Irons & Gas Torches

Soldering Iron 240V

CABAC's Soldering Irons are quality units that are designed for everyday use. CABAC supplies two units, 25W and 40W, and spare tips are available. The units have flexible power cords, stainless steel barrels and a cool handle grip.

- Electricity Authority Approval N14756

Catalogue No.	Wattage	Length (mm)	Weight	Spare Tip
SI25W	25	230	230	SIWTIP25
SI40W	40	250	230	SIWTIP40

Gas Torch and Soldering Iron, 30W-70W 1300°C

A low cost quality gas torch and soldering iron which has the equivalent heat of a 30W to 70W electrical unit. It is a first of a new generation of pocket sized butane units. The torch runs on normal cigarette lighter fuel which is available from many sources. The torch is NOT filled with gas as supplied due to safety reasons.

- Equivalent to a power range of 30W to 70W
- Cordless, simple and safe to operate under any conditions, anywhere
- Ready to use 20 seconds after ignition
- Tank contains fuel for 60 minutes of operation
- Can be used anywhere and any time
- Clear tank to visually check fuel level

GT700

Y-GT700/T-01 Spare Tip for GT700

Technical Data

Length	180mm
Weight	68g
Approx tip temperature	210°C to 400°C
Torch Temperature	1300°C
Gas container capacity	12ml

**DO NOT STORE IN AN AREA ABOVE 50°C
IF FILLED WITH BUTANE GAS.**

Gas Torch and Soldering Iron Kit, 30W-70W, 1300°C

This is a kit version of the GT700 shown above. The kit contains most commonly used torch fittings, and includes:

- Conventional solder tip 1mm
- Heat blowing tip
- Hot knife tip
- Blow torch

The unit is packed in a stout plastic box, with a roll of solder, tip wiping pad and has full instructions for use.

Auto Ignition Butane Powered Pro Torch 1350°C

This torch has a huge output for its size. The nominal flame temperature is 1350°C, which is ideal for industrial applications. The torch runs on normal cigarette lighter fuel.

- Large fuel tank for 200 minutes of operating time
- Has self-contained electronic ignition with a waterproof piezo
- Flame adjustment
- Robust construction for professional use

This torch can be used for brazing, soldering, plumbing, industrial maintenance, etc.

- Height: 172mm
- Weight: 460g

GT1400

**DO NOT STORE IN AN AREA ABOVE 50°C.
IF FILLED WITH BUTANE GAS.**
