## TECHNICAL DATA SHEET

October 2015

### PRODUCT NAME

CT-SCC Metal working compound

### PRODUCT RANGE

Part Number	Available Size
CT-SCC-500G	500 Gram Tin
CT-SCC-2KG	2 Kilo Pail

Refer to SDS for product safety guidelines

## CT-SCC Metal working compound – With EP additives

Chemtools® SCC Metal working compound is a soft non staining paste which has been special formulated for use on all metals. SCC is formulated with our proprietary EP additive to reduce heat, give high film strength and improve dimensional stability of the surface finish during metal working process.

### COMMON USES:

- Extruding
- Tapping
- Cutting
- Reaming
- Pressing
- Forming

### FEATURES & BENEFITS:

- Great Extreme pressure properties
- Extends tool life
- Good anti-corrosion resistance
- Bio-degradable
- Non-Toxic
- Can be used with power tools and hand tools

### TYPICAL SPECIFICATION

Base	Lanolin
Colour	Off-White
Appearance	Smooth Paste

### SHELF LIFE:

>3 years (Please refer to storage conditions below)

**DIRECTIONS FOR USE:**

Clean all surfaces before use. For optimal performance apply a liberal coating of grease to cutting tools, fixtures and anywhere it can be used. Ensure good coverage. The surface of all components should be free of dirt, contaminants and old grease.

**STORAGE:**

Store in a cool, dry place, in tightly closed original containers at a room temperature between 5°C and 40°C. Do not place in direct sunlight or near any heat source. Do not return any used material to its original container.

**DISPOSAL:**

All products should be disposed of in accordance with local regulations.

**PRECAUTIONS:**

This product generally present little hazard in normal handling if ordinary care is exercised. If spilled, cover with inert, absorbent material and remove. Flush the area with water. None of these materials should be used, stored, or transported until the handling precautions and recommendations as stated in the Safety Data Sheets (SDS) for this and all other products being used are understood by all persons who will work with the material.

**WARRANTY:**

All products purchased from or supplied by Chemtools® are subject to terms and conditions set out in the contract. Chemtools® warrants only that its products meet the specifications designated as such herein, or in other publications. All other information supplied by Chemtools® is considered accurate, but is furnished upon the express condition. The customer shall make its own assessment to determine the product's suitability for a particular purpose. Chemtools® makes no other warranty, either expressed or implied, including those regarding such other information, the data upon which the same is based, or the results to be obtained from the use thereof; that any product shall be merchantable or fit for any particular purpose; or that the use of such other information or products will not infringe any patent.
