

LED MR16 Value

Robust design, easy to use.

GE new LED MR16 consumes just 5W/7W , produces virtually the same light output of a 20W/50W halogen MR16. With high quality of LED technology, it provides with environmental friendly solutions. And its standard IEC size makes it easy to install. With better transformer compatibility.

Applications

To create an elegant atmosphere at very low energy costs compared to halogen MR16

- Cafes
- Restaurants
- Hotels
- Household

imagination at work

Specification Features

Robust Design

- Heavy-Duty design to ensure better reliability
- 80% energy saving compared with HAL MR16
- Classic ID design

Long life

- Average life: 25,000h*
- Less replacement to save maintenance cost

Convenient

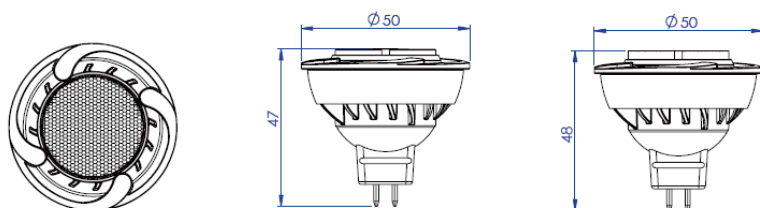

- Compatible with electronic transformer*
- Standard IEC size
- Replace HAL MR16 directly, no need to Change lamp base

* lumen maintenance rate is higher than 70% at 25,000hrs (B50 L70)

* Refer to compatible transformer list

Dimensions

Ordering description
