

SCFL10

Cleaning Guide:

It is important to ensure that product is turned off before cleaning.

Do not use any cleaning sprays - only wash down with damp cloth or mild detergent, and lightly hose off. (Do not use an abrasive cloth as it may damage the surface finish).

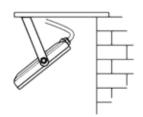

Do not use harsh chemical cleaners as these may damage the surface coating.

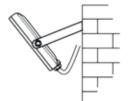

Scorpion LED Floodlights - SCFL10

Product	Speci	fication
---------	-------	----------

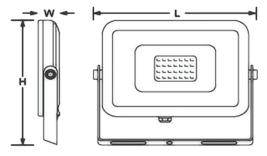

Part Code	SCFL10
Lumen Output	900lm
Power	10W
Weight	0.280kg
Voltage Rating	240V~ 50Hz
Colour Temp	4000K
IP Rating	IP65
LED Lamp Life (L70)	30,000Hrs
Beam Angle	100°
CRI	>70
Cable Length	900mm
Operating Temp	-10°C to 40°C
Electrical Class	Class I
Product colour	Silver
Fascia colour	Silver with black frame
Installation	Locking hinge bracket
Warranty	Five (5) Years
Dimensions L x W x H (mm) (refer diagram below)	113 x 27 x 86

Typical Mounting Options

Dimmable	Yes
Operating Temp	-10°C to 40°C
Electrical Class	Class II

Dimming

The Scorpion Downlights have been designed for optimum performance with our Dimpala range of dimmers: DIMR - Dimpala Universal Eclipse Dimmer // DIMPRX - Dimpala Push Rotary Dimmer No Glow // DIMPR - Dimpala Push Rotary Dimmer Please refer to our Website or Catalogue for further detail and accessories

Note: In some regions a slight flicker may occur when the luminaire is dimmed. This could be due to power line signals sent by electricity supply utilities. This effect is not a malfuntion of the luminaire or dimmer but could be a result of local power supply changes. If this occurs at any stage adjusting the dimmer back to maximum output should minimise the effect.
