Inverter Warranty Extension

The SolarEdge inverter warranty is extendable to 20 or 25 years, depending on inverter model. We manage a rapid RMA process and generally ship a replacement unit within 48 hours, if the reported defect is eligible for coverage under the [Limited Product Warranty](#).

The warranty extension is available with a one-time payment fee and must be purchased within 24 months of inverter shipment from SolarEdge.

The inverter warranty extension applies to the inverter only and does not apply to any built-in communication accessories.
