

SHP-T / LU STANDBY EXTRA

- Range of high pressure sodium lamps with double arc tube construction
- Dual arc tube design guarantees immediate re-strike after a power interruption
- Doubled lamp life and reduced occurrence of early failures
- Will operate on both Super Imposed and Standard Pulsed Igniters
- Exceptional reliability, offering 6 years of maintenance-free service and good lumen maintenance, exceeding 80% over life
- Where ignitor permits, Sylvania recommends using high performance TwinArc High Pressure Sodium lamps (see page 171)
- Ideal for applications which are difficult to access, or where maintenance is expensive
- Perfect for tunnels, airports, military installations, harbours and industrial sites
